Subject: GA CPL Changes - immediate action required

Importance: High

To all WFG National Title Insurance Company GA Agents:

In the very near future, we will be making some changes to the Georgia Closing Protection Letter on the CPL Generator that will require you to select a GA attorney from a drop down box to appear on the CPL. You will not be able to produce a GA CPL without selecting an attorney from the dropdown.

The dropdown is specific to your Agency and will contain only those attorneys that you are associated with.

Therefore, it is very important that you reply to this email with all attorneys you currently work with relative to the disbursement of funds involving GA property.

Please send the attorney's name, the name of the firm and the firm's address and telephone number.

It is imperative that you reply with at least one firm or attorney by Monday 5/7/2012 or you will not be able to produce GA CPLs.

Please let us know of any questions or concerns relative to this request.

Thank you,

Agency Support
