Subject: Monmouth County Surrogate to Digitize 80,000+ Records

The Monmouth County Surrogate, Rosemarie D. Peters, issued the attached press release announcing the conversion of more than 80,000 microfiche estate records to a digitized format which will make millions of images instantly accessible for viewing on the computers in the Surrogate's record room, a process that previously required several steps to complete. This project is expected to be completed by May of 2017.
