

## WFG Rate and Form Bulletin

To: All North Dakota Policy Issuing Agents of WFG National Title Insurance Company

From: WFG Underwriting Department

Date: May 7, 2021

Bulletin No.: ND 2021-01

Subject: Title Insurance Premium rates effective July 1, 2021

---

WFG National Title Insurance Company has revised its Rate Manual for policies issued on property in North Dakota, and the revisions have been approved by the North Dakota Department of Insurance for use effective July 1, 2021. The new rates should be implemented by all agents for orders received on or after the July 1 date.

Please be sure that your system is updated and that you discontinue use of the old rates for all orders received on or after the effective date.

Although there has been a rate revision for all policies, a major change with this rate manual is the addition and revision of multiple ALTA endorsements which were previously not included. Most endorsements to residential policies are still without additional premium, but agents should consult the table to determine if any particular endorsement carries with it a fee for issuance.

The complete rate manual may be found here: <http://wfgunderwriting.com/north-dakota/rates>

**Agents are advised to contact their software providers to update their title insurance premium calculations.**
